SOCIAL MEDIA

Social networking has become an excellent tool for sharing success stories & informing members of important Club updates. We love to share videos, photos & stories about our members and staff on Facebook, Instagram & YouTube. We take photographs and videos during certain Club events, during classes & around the halls. We will NOT use your image without written consent. In the event of shooting video during one of our scheduled classes, all participants will be notified before the class begins and asked to sign a media release form. For more information, please contact Jill Novara (marketing@chathamclub.com).
